Regulators by Bachman and Desperation by Stephen King are meant as a set, primarily because the cover art becomes on large picture when you place the book side by side. Also, both books have the same set of characters, except they have completely different roles and personalities from one story to another. Fascinating to read back to back.

The Regulators is a novel by American author Stephen King, writing under the pseudonym Richard Bachman.It was published in 1996 at the same time as its "mirror" novel, Desperation.The two novels represent parallel universes relative to one another, and most of the characters present in one novel's world also exist in the other novel's reality, albeit in different circumstances.

### The Regulators (novel) - Wikipedia

I recently read both for the first time and read Desperation first, then The Regulators, and I am very glad I read them in that order. It isn't a big deal either way but I thought Desperation was much better (probably one of my favs of his from a story perspective), and I felt it gave more background and history into something that plays a large part in both.

The Regulators came off as choppy and lacking in the normal King character/story development that I love. It wasn't bad, but it seemed like it was missing something. After following it up with Desperation, I realized what was missing. For your father's sake, read Desperation first and enjoy the set. level 2. 1 point · 3 years ago. I will take ...
