Sources Of Motivation Paper

Hence, this paper defines motivation, addresses a few sources of motivation, gives an idea about how human motivation and behavior are linked together, as well as look at how motivation is displayed in behavior. Sources of Motivation Motivation can originate from internal sources, described as biological and psychological variables, and from external sources, such as incentives and goals (Deckers, 2010, pg. 1). For example, a biological factor in the motivation to eat would be that the ...

Sources of Motivation Paper - PHDessay.com

Biological and psychological motives are two sources of motivation. Biological needs motivate humans to behave a certain way. The most important biological needs are hunger, thirst and human connections to others, which motivates humans to seek and find food and water. Both food and water are important to human survival.
