Servers Plus for all of your IT requirements | ServersPlus
This guide includes all my experiences with working with laptops and will take some time and may be quite advanced to some users. If you are not comfortable doing something, please research before doing it yourself. Some parts may be risky and (unlikely) cause software issues (Windows failing to boot, iTunes not recognising devices). I will not be responsible for any harm done to your computer ...

"Reset FRP UART (UFS chips)" operation. This operation will not reset/delete device user data. To perform "Reset FRP UART (UFS chips)" operation, do the following steps: Put the phone in Download Mode (power off the

phone, press and hold "Volume-" + "Home" + "Power ON" buttons) and connect USB cable. Press "Reset FRP UART (UFS chips)" button. After Software request disconnect USB ...

Octoplus FRP Tool - Octoplus Box: decoding and repairing tool
Add StyledPlayerView and StyledPlayerControlView, which provide a more polished user experience than PlayerView and PlayerControlView at the cost of decreased customizability. Remove the previously deprecated SimpleExoPlayerView and PlaybackControlView classes, along with the corresponding exo_simple_player_view.xml and exo_playback_control_view.xml layout resources.
