### Narrative Identity Autonomy And Mortality

Verbal art is sometimes bent on deflecting or turning its back on the sense of mortality involved in narrative just as it can celebrate and enhance the eventfulness of life; it can use devices such as the regular return of certain signifiers and structures in order to conjure up a cyclic notion of time (eternal return), as well as disruptive devices in order to highlight the wonder of birth ...

### Narrative Theory | Oxford Research Encyclopedia of Literature

This narrative review draws global perspectives on the association of suicidality and pandemics, the theories and risk factors related to same based on the available evidence. It also hypothesizes neuroimmunity and immune based risk factors as possible links between the psychosocial vulnerabilities and suicide during outbreaks like COVID-19. Proposed strategies of suicide-prevention, as an ...

The Paraguayan War, also known as the War of the Triple Alliance, was a South American war that lasted from 1864 to 1870. This war was fought between Paraguay and the Triple Alliance of Argentina, the Empire of Brazil, and Uruguay.It was the deadliest and bloodiest inter-state war in Latin American history. Paraguay sustained large casualties, but even the approximate numbers are disputed.
