Productive aging is an approach that emphasizes the positive aspects of growing older and how individuals can make important contributions to their own lives, their communities and organizations, and society as a whole. In the context of work, productive aging involves providing a safe and healthy work environment for everyone through comprehensive strategies that allow workers to function optimally at all ages.

What is Productive Aging? | NIOSH | CDC

Occupational Therapy's Distinct Value in Productive Aging. Occupational therapy's distinct value is to improve health and quality of life through facilitating participation and engagement in occupations, the meaningful, necessary, and familiar activities of everyday life. Occupational therapy is client-centered, achieves positive outcomes, and is cost-effective.

Occupational Therapy's Distinct Value in Productive Aging ...

A Life-Span Perspective Within the context of work, a life-span perspective holds that patterns of change and transition occur throughout the working life. As a result, the scope of productive aging includes all age groups of workers and is not limited to "older workers," however that group may be defined.

A Life-Span Perspective | NIOSH | CDC

The NCPAW developed a four-element conceptual framework for productive aging that could be applied to work: 1) a life span perspective; 2) a comprehensive, integrated approach to occupational safety and health; 3) emphasis on positive outcomes for both workers and organizations; and 4) a supportive culture for multigenerational issues. 33 The ...

Productive Aging An Occupational Perspective - Powell's Books

The aging of the U.S. population has led to a number of changes in the workforce, particularly a movement of the worker distribution toward older ages 2, 4. By 2022, about one-third (31.9%) of Americans aged 65 to 74 years will still be working (Toosi 2013). The impact of a longer working life can be significant in both positive and negative ways.
