compost tea. I would like to thank them for their help: Karl Rubenberger, the first to build a commercially viable compost tea-brewing machine, the guiding light behind the Micro-Brewer, and who continues to be a compatriot in the world of compost tea. Merline Olson has been a true friend for many years.

The most repeated
concept in this manual
(and other works by Dr.
Ingham) is that any
brewer used must keep
the actively aerated
compost tea at an
oxygen level of 6ppm
(or higher throughout
