'It's relaxing for me': 90-year-old man has passion for building big LEGO models

No Longer Available - KCRA

Equally noteworthy is the fact that in the contemporary theory of mind debate voices have grown louder that assert that the contemporary theory of mind debate fundamentally misconceives of the nature of social cognition. In light of insights from the phenomenological and hermeneutic traditions in philosophy, they claim that on the most basic level empathy should not be conceived of as a ...

Empathy - Stanford Encyclopedia of Philosophy

A hallmark of human beings is the ability to use language. No other species of animal has language, although other species are capable of understanding and communicating quite a few things. Yet (non-human) animal communications cannot properly be called language. A closer look at human language and animal communication, and at the function ...
