One last idea: geocaching...you can sign up on-line for free and find geocaches in your area. For anyone who may not be familiar- geocaching is kind of like a scavenger hunt. You are given coordinates of the location of the cache (or treasure) and then you set off to find it. Some are large and easy to spot while others are super tiny (size of film canister, for example). Inside the cache ...

Geocaching has some pretty strict rules as to where a cache can be hidden or not. You want to make sure that nobody is going to be trespassing on private property when they search for your cache. You also want to make sure that your cache is the appropriate distance away from nearby caches. You can do this by checking the map on geocaching.com under the 'hide a cache' tab. To get there ...
