Most inservice programs on reading and writing across the curriculum offer teachers a variety of strategies for integrating reading or writing into their content-based instruction. But such programs rarely ask teachers to examine their own instructional goals and then to consider how well various reading and writing strategies actually support those goals.

Reading, Writing, and Understanding - Educational Leadership

Writing Across the Curriculum is a movement that began in the 1970s and is gaining a lot of attention these days. It is designed to boost children's critical thinking skills by requiring them to write in all of their classes—from math to social studies to science—and not just in language arts. And it's a perfect fit for Common Core.
